ENSAVE, INC.
65 MILLET STREET, SUITE 105
RICHMOND, VT 05477

Free engine block heater timers for tractors, skid steers, trucks and generators.

Using timers on your farm vehicles' engine block heaters means the heaters run for just a few hours each morning rather than consuming electricity through the night. Stop wasting electricity and start seeing immediate savings on your winter electricity bills!

To participate, simply fill out the application below for up to four farm vehicles. Timers will be sent by U.S. Mail within 30 days of receipt of a completed application. **Questions? Call EnSave, our program coordinator, at 1.800.732.1399 or e-mail johnm@ensave.com.**

Cash rebates for energy efficient equipment are available for a limited time through NYSEG and RG&E's Commercial and Industrial Rebate Program. Rebates are available now to help reduce the cost of new projects. Installing energy efficient equipment pays for itself and immediately reduces your energy costs. Not sure what to do? Let us calculate the savings and rebate potential for you. It costs nothing to find out the facts on eligible efficiency upgrades for your operation.

We are standing by to help you with every step of the rebate process. Call EnSave at 1.800.732.1399 or e-mail johnm@ensave.com to learn how to get started.

Eligible equipment for rebates

- Energy efficient lighting
- Variable speed drives for milk pumps, milking vacuum pump, and other motors
- Heat recovery
- Boilers, furnaces and thermostats
- Plate coolers
- Circulation and ventilation fans
- Scroll compressors
- Grain dryers
- Chillers
- Other projects—ask if you qualify!
